

# THE BULLETIN.

MAYSVILLE, APRIL 26, 1864.

A New York writer to a London paper states that there is not a negro barber in New York, who is not an aspirant for the Presidential chair.

Two hundred and ninety mechanics were removed to Louisville on Monday night from the front, under guard, having struck for higher wages. On Wednesday the were sent north of the Ohio river, there to remain during the war. It is a crime to ask fair wages from this stealing shoddy Administration.

The Federal fleet in front of Mobile is reported by southern newspapers to consist of 18 vessels.

The Confederate Treasury Department has issued \$978,000,000 of Treasury notes. \$798,000,000 are now outstanding.

Father Chiniquy, the converted French Canadian priest, at Kankakee, Ill., has taken to himself a wife.

Twenty two blockade runners and steamboats have left Havana, Cuba.

A Fremont paper has been started in Washington.

All the sewing women of Connecticut, N. H., have struck for higher wages. In San Francisco there is a general movement for an increase of wages. Stone-cutters demand from \$4 to \$5 a day. Blacksmiths demand \$4.50 a day—in gold.

A correspondent of the New York World estimates that the expenses of the Quartermaster's Department in Gen. Bank's Division for transports alone cannot be less than half a million a day. There are now over two hundred ships and steamers of all sizes engaged in the service of the Quartermaster's Department.

We notice that Messrs. G. A. & J. E. McCARTHERY are receiving a large importation of Queensware, direct from the Manufacturers in Europe. Persons desiring something nice in their line should give them a call.

Mr. AL. G. Cox, formerly of this city, died on the 16th of last month, at Childersburg, Alabama, after a sickness of only 24 hours. His disease was inflammation of the Stomach.

Gen. Montgomery, of Kansas jayhawking notoriety, has been dishonorably dismissed by the President, from the military service of the United States, for his cruelty to the negro troops whom he commanded; but who ever heard of any complaint against this man for his cruelty to white men and women. The President knew him to be a murderer and a thief, when he commissioned him to serve in the United States service, but he was only a murderer of white men and women, and a robber of white citizens of Missouri—all of which he did in the name of God and humanity—which only made him a man of mark and of high consideration in the estimation of the President and the republican party. But when he laid his bloody hands on the negro, they discovered that he was unfit for a commander in the United States service. Well, we rejoice that the villain has, at last, received a small portion of his merited disgrace and punishment.—*Kewuk (Iowa) Constitutionalist*

BLASPHEMOUS.—We have never seen in all our newspaper reading a more shocking sentence than one which met our eye in this morning's *Journal*. We almost shrink from reproducing it, but it is proper that all should know how the monster of abolition is bringing everything sacred to the dust.

In speaking of the oulogies of the Democratic press upon the late speech of Col. Wolford, at Lexington, the *Journal* employs the revolting sentence to which we have alluded. Read it:

"We are satisfied that his disgust when he reads the eulogiums of the Copperhead press upon what they falsely assume to be his declaration of hostility to the Government, will make him swear a streak as long as the Sermon on the Mount."

This manner of measuring the length of the oaths of a Colonel of Cavalry—by the holy inspiration of the Mount, may be 'loyal' enough but, as we said before, it is shocking to every feeling of religion, and to all who reverence sacred things.—*Dayton Empire*

A NEW HORSESHOE WANTED.—The editor of the National Eagle, published at Claremont, N. H., is evidently a go-ahead man. In a recent number of the Eagle we find the following article:

"If we had possessed the requisite genius, we should before this have invented, patented and made a fortune out of an article which every man who owns a horse, especially a family or fancy horse, really requires, namely, a set of horse shoes, made of steel and finished in a neat manner, which any person can have in his stable ready for use, and put on when the horse is harnessed and going out upon the road, and taken off when brought in and unharnessed. It is of course required that the fastening shall be simple, safe, and not liable to get out of order, to cramp or hurt the foot, nor to impede freedom of action. The simple statement of the want will, we doubt not, be understood and appreciated by every horseman. Even to those horses which are in constant service it would be a relief and a benefit at night to have their shoes off; but to that large class of family and sporting horses which are on the road only at the pleasure of their owners and which are frequently idle for days and weeks at a time, the benefit would be incalculable. Many a valuable horse has had his feet ruined by the inflexible iron shoe nailed and riveted to his hoof, there to remain for weeks, and often for months, without change, while the hoof was growing, but with no chance to expand and take the natural shape of the natural or wild horse of the desert or prairie. Thousands of horses are hitched in their stalls, their feet raised from the floor by the thickness of their shoes and calks, and to dry and cramp, become feverish and painful to dry and cramp, promoting through windgall, spavin and various other ailments, besides those concerning the feet alone.

Let those who have doubted the virtues of Bull's Cedron Bitters, if any such there be, read the following Certificate from gentlemen well known in this community, and doubt no more. Its general introduction into the army will save the lives of thousands of our soldiers.

Louisville, Ky., June 2d, 1863.  
We, the undersigned, have seen the good effects produced by the use of Dr. John Bull's Cedron Bitters in case of general debility and prostration of the system, and believe its general use would prevent disease and relieve much suffering. Among our soldiers particularly would this be the case, especially those who are exposed to malarious influences in the Southern climate.

THE SUBSCRIBERS, LONG ESTABLISHED in a large retail Dry Goods business in Maysville, would call the attention of Country Merchants to their recent addition of an extensive Wholesale Department; which will be conducted on a STRICTLY CASH PRINCIPLE.

The many years of experience possessed by our buyer, combined with a perfect knowledge of the Kentucky trade, a thorough acquaintance with all the Manufacturing and Importing Houses in the East, and the fact of our purchases being made for "Cash," together with a firm determination to sell at a more commission advance on Eastern Cost, will be sufficient guarantee to CLOSE CASH BUYERS that we cannot be undersold by any WESTERN JOBBING HOUSE.

Our Stock will be found better adapted to the wants of our customers than it is usual to find in the generality of JOBBING HOUSES; as it will embrace a greater variety of goods than is ordinarily met with in an exclusive Wholesale Establishment. The departments allotted to

**Convex Reflector Lantern!**  
FOR BURNING COAL OIL WITHOUT A CHIMNEY.  
IT possesses many qualities which highly commend it, and is pronounced by all who have tested its merits, altogether the most desirable lantern they have met with.

2. It stands upon four legs in any direction.  
3. The flame is regulated from the outside.  
4. It is neat and compact in form and size.  
5. It is free from solder in the upper part, and is otherwise very substantial in its structure.  
6. It has the glass sides so arranged that breakage is less likely to occur than in other lanterns, and in the event of breakage can be easily replaced.  
7. It has CONVEY REFLECTORS which increase greatly the force of the flame, serving at same time the purpose of shades to the eyes, which is very desirable.  
8. It is sold at a LOWER PRICE, with all these advantages, than any lantern in the market which admits of the flame being regulated from the outside.
